---

Today, Bradley County Schools had the privilege to host a meeting for Governor Haslam. The Governor, along with Commissioner Huffman, met with teachers and school leaders from five systems, Bradley , Cleveland City, Hamilton, Meigs, and Rhea. Amber Caldwell and Nat Akiona represented our system well. This was one of 12 meetings the Governor has scheduled around the state to have dialog with teachers and school leaders.

We were not able to inform you of this event as we had been instructed by the Governor's office that this was a private meeting with the arrangements being set by the Governor's office. We were not allowed to inform board members or media in advance of the event.

Sammie for Mr. McDaniel
